

How to order a Bandsaw Blade on the United Products website

Example using a 2450mm 10mm 4 tpi Carbon Steel Bandsaw Blade

It is the same process for every size and width, with minor changes for options

The **Best** way to purchase blades, is to order and pay online.

- It's quicker as paid when you order via a card or account2account or bank transfer
- The freight is often less
- You have an ongoing record

First, you must find the product via the category you are looking for, the width and TPI, and the length is entered on the product.

1. Go to the product (our example is a 2450mm 10mm 4 tpi Carbon Steel Bandsaw Blade)
2. Enter blade length 2450mm

3. Price is calculated

4. Adjust the number of blades required

5. Add to cart

6. Enter details, including shipping address and check out

See numbered screenshot

The screenshot shows the product page for a Carbon Steel Bandsaw Blade. The main product title is "Carbon Steel Bandsaw Blade 10mm x 0.6mm (.025") x 4 tpi". The price is listed as \$15.80 Excluding GST Price per metre. A large green number '1' is placed next to the product title. Below the main image, there are smaller images of the blade and a technical drawing. A large green number '2' is placed over the "Enter Blade Length in mm" input field, which contains the value "2449". A large green number '3' is placed over the "Total Price" field, which shows "38.69 +GST NZD". A large green number '4' is placed over the "Add to cart" button. On the right side of the page, there is a sidebar with a search bar, "My Account", "Cart", and "Product Categories". The "Product Categories" list includes "Carbon Steel Bandsaw Blades", which is highlighted with a yellow background. A large green number '5' is placed over the "Carbon Steel Bandsaw Blades" category. A large green number '6' is placed over the "Add to cart" button in the sidebar.
